About Me

- Full Stack MERN Developer with hands-on experience in building scalable web applications using MongoDB, Express.js, React.js, and Node.js. Experienced in developing REST APIs, authentication systems, and responsive user interfaces. Strong in problem-solving, clean code practices, and team collaboration. Currently pursuing MCA and actively building production-level full-stack applications.

Education

Master of Computer Applications (MCA) , Amity Online (pursuing)	2025 – Present online
Bachelor of Computer Application(BCA) , Amrapali Group of Institutes	2021 – 2024 Haldwani, Uttrakhand

Skills

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind-CSS, Bootstrap, TypeScript

Backend: Node.js, Express.js

Tools & Others: Git, GitHub, REST APIs, Axios, JWT Authentication

Learning: AWS (EC2, S3), CI/CD Basics

experience

Frontend Developer Intern – CADL --Developed responsive web applications using HTML, CSS, JavaScript, and React, following modern UI/UX standards. Built reusable React components and collaborated with backend/design teams to integrate APIs and deliver scalable interfaces.	07/2024 – 01/2025 Zirakpur, punjab
---	---------------------------------------

Projects

Job Portal Platform, (MERN Stack - React, Node.js, Express, MongoDB) - Built a full-stack job portal with Student and Recruiter roles - Developed REST APIs using Node.js and Express.js - Implemented JWT-based authentication and role-based access control - Integrated MongoDB for efficient data management - Added Cloudinary for file uploads and Redux Toolkit for state management - Designed responsive UI using React and Tailwind CSS	01/2026--working
E-commerce Website, (HTML, Tailwind CSS, JavaScript, Angular) - Developed a responsive e-commerce platform with product listing and cart functionality - Built interactive UI using Tailwind CSS and JavaScript - Improved user experience with smooth navigation and responsive design	06/2025 – 09/2025
Chess-app, (Real-Time Chess App - React, Node.js, Express, Socket.io) - Built a real-time two-player chess game where users can create or join live matches. - Used React for frontend UI and Node.js/Express with Socket.io for real-time backend logic.	08/2025 – 10/2025
